

ECHOPPE Conference on the Economics of Housing and Housing Policies

May 27-29, 2024
Toulouse

Call for Papers

This Conference will be held in Toulouse, France, from May 27, 2024, lunchtime to May 29, 2024, lunchtime, and is jointly organized by Aix-Marseille School of Economics, Sciences Po Paris and Toulouse School of Economics.

Aims and scope

The conference comes from a group of researchers brought together by a grant of the French National Research Agency (ANR) called ECHOPPE on housing economics and policies. A set of papers presenting the actual development of our own research will be part of the conference program. We will have three keynote speeches and between 6 and 8 contributed sessions (3 papers each) and no parallel session. All papers with a specific focus on housing are welcome. The idea is to foster discussion between the members of ECHOPPE and other researchers working on housing economics and policies. It is thus expected that speakers and participants would stay for the two days of the conference.

Keynote Speakers

Lu Han, University of Wisconsin-Madison

Diego Puga, CEMFI

Moritz Schularick, Kiel Institute for the World Economy and Sciences Po Paris

Organizers and Program Committee

Thierry Magnac, Toulouse School of Economics
Alain Trannoy, Aix-Marseille School of Economics
