

Stéphane Straub, Professor of economics TSE-UT1C

Below is the list of institutions from which I have received, directly or indirectly, fundings of more than 1000€ since 2010 (outside TSE, Université Toulouse 1 Capitole, and Ministère de l'Enseignement Supérieur et de la Recherche):

- World Bank.
- Asian Development Bank.
- Inter-American Development Bank.
- International Growth Center.
- European Commission (through IRD EuropeAid network).
- CESifo.
- Vivid Economics.
- Institut d'Economie Industrielle (IDEI), then TSE-P: partnerships with Agence Française de Développement, CGD/Gates Foundation, Engie-Terrawatt, Meridiam.

Finally, in terms of public funding, together with my colleague Emmanuelle Auriol, I received an ANR (Agence Nationale de la Recherche) grant over the period 2009-2012, to work on procurement and rent-seeking in Paraguay, and a grant from the university of Toulouse in 2015 to work on elections and corruption in Paraguay (with my colleagues Pepita Miquel and Karine Van Der Straeten).
