Country of residence:

MOTIVATION AND PROGRAMME FIT

What question about society would you like to understand better? Explain why this question interests you and how a TSE Bachelor might help you investigate it.
(Maximum 300 words, in English)

Which features of this program do you find aligned with your interests, and what would you like to be able to accomplish by graduation? (e.g., skills you would like to achieve, or projects you would like to develop) *(Maximum 300 words, in English)*

Describe a time when mathematics sparked your curiosity or helped you to understand societal challenges (climate change, housing, poverty...). This could be a problem you enjoyed solving, a useful practical application, or a concept that helped to approach a problem from an original perspective.
(Maximum 300 words, in English)

ADDITIONAL CONTEXT (optional):

Is there an aspect of your application that you think might raise concerns about your suitability for the program? Use this space to identify it, provide specific context, and explain—with concrete examples—why you believe you can succeed in the program.
(Maximum 300 words, in English)

HAVE YOU BEEN INVOLVED IN ANY CO-CURRCULAR ACTIVITIES?

Please provide any relevant information below (copies and/or proof of said distinctions should be added to this document):

	Activitie(s)	Year(s)	Give details
Science camps, additional advanced classes (AP classes, university level courses...)			
Simulation models (MUN, etc.)
