

Post-doctoral fellowship in Economics

Location: Toulouse School of Economics-INRAE, Toulouse, France

The candidate should have:

- a PhD in economics, or related discipline
- an interest in working on animal welfare

The candidate is expected to conduct high-quality research and collaborate with senior colleagues on a research agenda focused on **animal welfare economics**.

The primary goal of this research is to extend social welfare functions to include animals and/or to explore the implications of such an extension. Ideal candidates should have strong expertise in welfare theory, social choice, and/or empirical applications related to social welfare frameworks.

Collaborators: Nicolas Treich (INRAE, TSE), Matthew Adler (Duke University), Romain Espinosa (CNRS, CIRED), Bob Fischer (Texas State University, Rethink Priorities), Stéphane Zuber (CNRS, PSE)

Toulouse School of Economics (TSE) is a leading economics department in Europe.

The Post-Doc will belong to the environmental economics group at TSE.

<https://www.tse-fr.eu/groups/environmental-and-natural-resource-economics>

Source of funding: French National Research Agency (ANR)

Salary: 35,000 to 45,000 euros (indicative)

Starting date: **September 2026 (flexible)**

Duration: **12 months (with possibility of extension)**

Deadline: Please send applications by **31 January 2026**.

Applications should be done on the [econjobmarket](#) website:

Complete application package should include: a Curriculum vitae, a Job market paper (or a selected paper), a cover letter and two recommendation letters.

Interviews of a few pre-selected candidates will be conducted remotely by video in **February 2026**.
