

Postdoctoral Fellowship in Economics

Location. Toulouse School of Economics (TSE) – INRAE, Toulouse, France

We invite applications for a postdoctoral fellowship in economics at the Toulouse School of Economics (TSE) in collaboration with INRAE.

Profile. Applicants should have:

- A PhD in economics or a related discipline
- A strong interest in animal welfare

Research agenda. The successful candidate is expected to conduct high-quality research and collaborate with senior researchers on a research program focused on animal welfare economics.

The primary objective of this research is to:

- Extend social welfare functions to include animals, and/or
- Explore the theoretical and empirical implications of such extensions

Ideal candidates will have strong expertise in:

- Welfare economics
- Social choice theory
- and/or empirical applications related to social welfare frameworks

Collaborators. Nicolas Treich (INRAE, TSE), Matthew Adler (Duke University), Romain Espinosa (CNRS, CIRED), Bob Fischer (Texas State University, Rethink Priorities), Stéphane Zuber (CNRS, PSE)

Environment

Toulouse School of Economics (TSE) is a leading economics department in Europe:
