

Society for Benefit-Cost Analysis: European Conference 2019

November 26-27

Toulouse

Session organization

Each presentation is allocated 30 minutes. Presenters are asked to prepare a 15-20 minutes presentation and discussants to prepare ca. 5 minutes of feedback, which allows for 5-10 minutes of open floor discussions. Presenters are asked to bring their presentation on a USB key to the session and arrive at least 5 minutes before the start of the session to allow for it to start on time. The duties of the chair are the normal ones; make sure that sessions start and end on time, that the time allocated to each paper is respected, etc.

Presenters have two options to share their papers/presentations (a full paper is optional, and hence a discussion can be based on the presentation when a full paper is not available). Either through the online program (<https://editorialexpress.com/conference/SBCAEC2019/program/SBCAEC2019.html>) by uploading the paper or presentation in the submission system (see below), or by emailing it directly to the discussant. The email addresses of the discussants are available by clicking on the name in the online program.

Program update

All information in the program is collected through the submission platform. To update any info, or any file, we therefore kindly ask you to go the submission platform for any updates. The platform is found here, <http://editorialexpress.com/conference/SBCAEC2019>.

To update personal information: Under “My Account” choose “View/Edit Settings” and then “Change User Info”. After edit, click “Submit” to save the changes.

To edit submission information and/or provide an abstract/fulltext/presentation to appear in program: Under “Papers” choose “My Submissions” and then select the submission in question, and after that “Edit”. If you want to provide an abstract/fulltext/presentation to appear in program through a hyperlink upload it in “Submission (paper)”. (Note! Do not upload it in “Presentation slides”. Moreover, text provided in “Abstract” will not appear in the program.) Do not forget to click “Submit” to save the changes.

Note 1: Updates will not appear in the online program until we manually generate a new program. We plan to do that regularly but it means that your changes will not appear immediately after you have made them.

Note 2: If you are concerned about preliminary findings being available online we would like to stress that all hyperlinks will be turned off after the conference.
